

The Teton Club

Consider this your invitation to play a few rounds of golf this summer in the majestic mountains in Jackson Hole, Wyoming.

The Teton Club, Jackson's premier Private Residence Club, is located at the base of the Jackson Hole Mountain Resort and a world away from the everyday. As the only PRC for sale in Jackson Hole, the Teton Club is dedicated to ensuring owner privileges. Membership includes daily ski passes for two throughout the ski season at the Jackson Hole Mountain Resort and membership at Teton Pines Resort and Country Club for those coveted early morning tee times. It is a lifetime of enjoyment for generations to come.

While in residence, members will enjoy playing the championship Arnold Palmer-designed Teton Pines course. Cool, crisp mountain air, low humidity and the backdrop of Mother Nature's scenery is simply heaven on the seventh. And, the Pines' golf course has been named the "number one golf course in the state of Wyoming," as awarded by *Golf Digest* for 2005-2006. Teton Club members unanimously agree; there is no better vacation real estate opportunity available anywhere in the Rocky Mountains.

The Teton Club is richly decorated to reflect the western heritage of Jackson Hole. The gathering spaces are designed for comfort and luxury. The residences are spacious with custom designed interiors that blend natural materials with contemporary western designs. The result is an elegant and comfortable sense of belonging. Services at the Teton Club are 5-star and offer everything you demand: full-service day spa and fitness facility, a unique river garden rock spa, underground valet parking, property-wide Wi-Fi access and 24 hour concierge services. The Teton Club is so much more than a home away from home, yet the feeling is just as comfortable.

The Teton Club is available for preview daily throughout the year and is located in the heart of Teton Village, under the Jackson Hole aerial tram. You are invited to experience the Teton Club personally; find out why the Teton Club is number one among its members coast to coast.

Welcome home to the Teton Club.
