Announcing the Launch of the Teton Club's Newly Redesigned Website

Jackson Hole, WY – September 22, 2005 – The Teton Club is proud to announce the re-launch of its new comprehensive website. The website has been updated from the original award winning site of 2001 with a new creative design, property overviews, membership information and a private Members' only section.

The new site broadly showcases the property's beautiful architectural and interior design, reflecting the rich heritage of Jackson Hole. The site amply describes the Club's amenities and services and visitors interested in exploring Membership in the Teton Club will find many of their initial questions answered. The web site's new look captures the western elegance and design of the Teton Club. And, site construction insures easy downloads and navigation for everyone visiting on the net.

Viewers are able to view the roomy and comfortable accommodations through the expansive on-line virtual tours. Residence rental rates are available for all guests wishing to stay at the Club. And, Members may research their exclusive exchange options in the RVC and Registry Collection portfolio of resorts. Additionally, site viewers may sign up for the Teton Club's Marketing newsletter, *The Brand*, contact a Membership Specialist, download a complementary screen saver or catch up on current Club news, articles and press releases.

The comprehensive Members' only section enables Members to log into a private area for a variety of internal communication options. Highlights of the Members' section are the Forum - a private Members' chat room, a dedicated page for Member-only offers and specials, archived issues of the Members' e-newsletter, *The Members Brand* and Club management and HOA Board contact information.

The Teton Club is Jackson Hole's premier Private Residence Club, located in the heart of the Jackson Hole Mountain Resort and only a few miles from Grand Teton National Park and the bustling western town of Jackson. The Teton Club sells exclusive real estate acquisitions on a shared ownership basis allowing Individual / Family or Corporate Members to enjoy the spoils of a vacation home with carefree property management. Memberships are available from 2 to 12 weeks in 2 or 3 bedroom / bath residence condominiums. Memberships are available for families or corporations. The Teton Club is open throughout the year.
